Equipment Specifications & Documentation Requirements

Heat Pumps: AHRI Certificate required to verify efficiency. SEER2 15.2 or above is required.

Minisplit Heat Pump System: AHRI Certificate required to verify efficiency. Incentive is per outdoor unit and is based on the efficiency and capacity of the outdoor unit.

ENERGY STAR certified Heat Pump Water Heater: To verify purchase, please send in a copy of the receipt with the product model numbers listed. Limit one (1) incentive per customer. Residential electrification measures must serve a single living unit (ex: central systems in multifamily buildings are not eligible). The heat pump water heater must replace an existing fossil fuel fired storage water heater.

ENERGY STAR certified Heat Pump Clothes Dryer: Must replace a standard efficiency gas clothes dryer. New unit must be high efficiency.

General Program Rules: This offer is valid only for City of South Haven residential electric customers for a limited time. Offer is good while funds are available, on a first-come, first-served basis. Program begins Jan. 1, 2026 and expires **Nov. 30, 2026**. City of South Haven reserves the right to withdraw or change this offer without notice. Incentives may not exceed purchase price. Ineligible incentive requests are subject to denial or repayment to program. Incentive requests must be received by **Nov. 30, 2026**. Call 877-NRG-SAV1 (877-674-7281) for more information. In the event that the ENERGY STAR program is ended, the last effective ENERGY STAR specification should continue to be used through the 2026 program year.
